Kielce Camp for Vinnytsia - Świętokrzyskie 2025

A group of children from Vinnytsia, Ukraine, will stay in our region until the end of the week as part of the “Kielce Camp for Vinnytsia - Świętokrzyskie 2025” programme. Until Sunday, they are taking part in a rich integration and educational programme, offering them a moment of joy and relief from the hardships of daily life.

One of the highlights was a city game, which took the young participants on an exciting adventure through Kielce! There were challenges, riddles, smiles and lots of teamwork – but most of all, the joy of being together.

We are proud to share the beauty of our region and build bridges of friendship between young people from Poland and Ukraine.
